# TERMS OF DELIVERY AND PAYMENT IVOCLAR VIVADENT FOR CAD/CAM MANUFACTURING SERVICES

### CAD/CAM manufacturing services

In terms of CAD/CAM manufacturing services semi-finished products are milled and processed with the most up-to-date production techniques based on the requirements and specifications of the dental laboratory. The terms of delivery and payment will apply to all sales of such products made by lvoclar Vivadent Manufacturing srl or by lvoclar Vivadent Srl, both with registered office in I-39025 Naturno, Via Gustav-Flora 32 (hereinafter lvoclar Vivadent).

The products will be fabricated based on the choice of materials and the design specifications provided by the Customer and will be finished by the Customer itself. The Customer itself will market the products in its own name as custom-made devices pursuant to Annex VIII of Legislative Decree 24 February 1997, no. 46 ("Implementation of the Medical Device Directive 93/42/EEC").

### 2. Registration and ordering

Registration of the Customer by Ivoclar Vivadent is an essential prerequisite for ordering CAD/CAM manufacturing services. After registration, the Customer will receive personalized access keys to the Tool Order Manager or the 3Shape inbox and will be enabled to place an online order and to visualize, save and print confirmed orders.

, Detailed guidelines for placing orders with regard to the information provided in order to conclude online sales agreements, pursuant to article 12 of Legislative Decree 70/2003, are available on www.ivoclarvivadent.com/service+ or in the download area of www.ivoclarvivadent.com.

As a registered user, the Customer will also be able to transmit orders to Ivoclar Vivadent by means of a

written order form accompanied by a plaster cast. In any case, the purchase agreement is concluded only after lvoclar Vivadent has confirmed the Customer's order and transmitted a specific order confirmation to the same.

Vocar Vivadent reserves the right to reject an order if the technical requirements for producing the product requested by the Customer are not satisfied (for example, respect of parameters, products not in portfolio, etc.) or for other motives of the company. Ivoclar Vivadent is entitled, without obligation, to propose alternative upgrade products. Alternative products must be expressly specified in a new order.

In the continuous process of product development and improvement, slight changes to the product itself, minor and non significant differences in colour, form, design, size, weight or quantity, attributable to technical requirements and other slight variations as accepted in usual commercial practice are possible.

Ivoclar Vivadent reserves the right to reject an order if the Customer does not fulfil its obligations deriving from previous orders and is in arrears because a due date has lapsed without settlement of amounts due.

### 3. Customer qualifications

The Customer declares to possess all the professional qualifications required to exercise its activity as a dental laboratory and, in particular, to be registered with competent authorities (Ministry of Health, etc.) if required by provisions in force.

The Customer declares to have adequate knowledge of the materials necessary to exercise a proper choice of CAD/CAM manufacturing services as appropriate for its needs and to be able to successively guarantee proper use of the semi-finished product received (for example, structural anatomy, successive finishing techniques, etc.)

The Customer acknowledges that its qualifications pursuant to point 3 constitute an essential condition for stipulation of the agreement.

### 4. Prices and means of payment

The sales prices are those indicated on the "list of prices and discounts" in force at the time of ordering. Any price reductions will be granted in consideration of monthly order quantities on the basis of the list of prices and discounts. Sales prices are net of expenses for transportation, customs duties, etc. If applicable, value added tax will be specified separately.

Invoices will be issued after shipment at the end of the respective month and payment will be due 30 days after the invoice date

The invoice must be paid in accordance with the method as agreed lvoclar Vivadent.

Interest on arrears will accrue pursuant to Legislative Decree no. 231/2002.

The buyer must make payment punctually even in the case of complaints.

### Delivery and right of withdrawal 5

The product will be delivered to the delivery address provided by the Customer. If the Customer does not indicate a delivery address, the product will be delivered to its registered office. Delivery terms are not binding for Ivoclar Vivadent.

Ivoclar Vivadent will not be liable for delays in the realization of the product attributable to force majeure or causes not imputable to local Vivadent, such as delays due to work interruptions, strikes, delays attributable to suppliers, lack of raw materials, power supply interruptions, fires, floods, accidents, etc.

If realization of the product is more than 30 days later than the non binding term of delivery foreseen, both Ivoclar Vivadent and the Customer are entitled to withdraw from the agreement.

### 6 General warranty

Pursuant to article 1495 of the Italian Civil Code, Ivoclar Vivadent grants the Customer, for all products out of CAD/CAM manufacturing services, a 12 month warranty, only if the Customer sends written notice of a defect within 8 days of its discovery. In the absence of this condition, all warranty rights of the buyer covering the product will lapse. The warranty service will consist of the substitution, at no charge, by lvoclar Vivadent, of the defective product only in the presence of the following defects: production errors, corrosion or breakage in the mouth in the case of permanent cementation if, and to the measure with which the same are attributable to defects of materials or workmanship by Ivoclar Vivadent.

### Additional warranty 7.

For CAD/CAM manufacturing services in IPS e.max CAD material, in sintered e.max ZirCAD material and in Colado CAD Ti/CoCr, lvoclar Vivadent will grant the Customer an additional warranty of 4 years from the end of validity of the 12 month general warranty, which will consist exclusively in the substitution at no charge by Vocar Vvadent of the product. The additional warrant will not entitle the Customer to request resolution of the agreement or to submit requests for compensation of damages.

The additional warranty service will be valid exclusively for the following defects: production errors, corrosion, breakage in the mouth in the case of permanent cementation if, and to the measure with which the same are attributable to defects of materials or workmanship by Ivoclar Vivade

Material defects will exist only if the characteristics of the material differ from the characteristics declared by Ivoclar Vivadent. The additional warranty in no way entitles the Customer to request a comprehensive guarantee. Indemnification for the costs of substituting the product with a different product or a third-party product is excluded.

Only the Customer can claim the additional warranty and only if it acquired the product directly from Ivoclar Vivadent. The end customer or other third parties are not entitled to claim the additional warra Provision of any warranty services, resale or use of the product shall not extend or set a new expiry date for the additional warranty.

### 8. Common dispositions for the general and the additional warranties

Defects must be notified in writing to Ivoclar Vivadent Manufacturing srl, via Gustav-Flora 32, I-39025 Naturns, in the warranty period as defined at points 6 and 7, within 8 days of their discovery. The defective product must be returned to local Vivadent Manufacturing Srl, Via Gustav-Flora 32, I-39025 Naturno, within two weeks of the relative discovery together with the description of the claimed defect and the certificate of warranty. The warranty will lapse in the case of late notification of defects or late return of the product. All forms of warranty pursuant to points 6 and 7 of the terms of delivery and payment will be excluded in the following cases:

- Improper storage or malpractice in use of the product (CAD/CAM manufacturing service);
- Successive finishing not in conformity with prescriptions, or use of materials and components other than those recommended by Ivoclar Vivadent;
- Improper or inappropriate choice of materials by the Customer on behalf of the final customer, erroneous order by the Customer, erroneous design of the structure (by means of a CAD/CAM structure created in erroneous manner by the Customer or a mistaken plaster cast); Failure to respect the parameters and clinical indications;
- A special approval issued by the Customer,

Shipping and transportation costs for returning to Ivoclar Vivadent will be borne by the Customer; shipping and transportation costs for substitution, under the warranty, of the product will be borne by Ivoclar Vivadent.

#### 9. Resolution of the contract

- The contract will be resolved automatically pursuant to article 1456 of the Italian Civil Code:
- if the Customer does not have the qualifications as specified at point 3;
- if either contractual party is insolvent, is subject to bankruptcy proceedings or concludes an arrangement with creditors:
- if the Customer is either a company of persons or of capital, in the case of; winding up, liquidation, merger or transformation of the company;
- if the Customer is a sole trader or a physical person, in the case of death, absence, legal disability or termination of the activity.

### Patent rights, intellectual property, etc.

All existing intellectual property rights and rights acquired during execution of the agreements (know-how, inventions, patents and industrial property rights, etc.), are the exclusive property of lvoclar Vivadent. All rights related to projects, studies, drawings and technical documents are the exclusive property of lvoclar Vivadent. The Customer shall not use them for purposes other than those foreseen by the agreement, nor forward them to third parties without express written authorisation from Ivoclar Vivadent.

#### 11. Governing law and jurisdiction

The terms of delivery and payment and all the sales of CAD/CAM manufacturing services are subject to the Italian law. The Court of Bolzano (Italy) will have exclusive jurisdiction over disputes regarding interpretation of the terms of delivery and payment and the sale of CAD/CAM manufacturing services.

The terms of delivery and payment are valid in exclusive and shall remain such in all future negotiations with the Customer. Every exception that differs from the terms of delivery and payment must be agreed in writing by the parties. If any disposition of the terms of delivery and payment is or becomes invalid, this will not impair the validity of the other dispositions in force. For all matters not disciplined by the terms of delivery and payment, the dispositions of the Italian Civil Code will apply.
