

MultiCore® Flow

Self-curing composite core build-up material with light curing option. Two curing methods and four shades provide an optimum foundation for the reconstruction of vital and non-vital teeth with part or most of the clinical crown missing.

Automix syringe, 10 g

Cartridge, 50 g

Indications:

- Core build-up of vital and non-vital teeth

Advantages:

- Based on Ivoclar Vivadent's long-term experience in the field of composite technology
- A suitable option for every case: self- or light-curing
- Four different shades

Shades:

Light, medium, blue and white
